Charleston Wrap® offers quality candles

Our candles are produced with **100% white soy wax, blended with essential oils** for a luxurious fragrance. We use maximum levels of fragrance poured throughout the entire candle (not just on top of the candle) to ensure a clean burn and distinctive true-to-life scent.

- **PERSONALIZE your candles!** The only thing better than a great smelling candle is one that is personalized!
- **Even burn.** Our wax burns down the middle of the candle without melting the outside, retaining a beautiful look
- **Quality candles, gift-boxed.**
 - 100% white soy wax blended with essential oils for a luxurious fragrance
 - Clean burn, no soot. Lead-free wicks.
 - Both 3-wick and single wick candles available. 30-60 hour burn time.
